The broadcasting and digital media industry is comprised of two major employers – radio/television broadcasting companies and movie/television production companies. Approximately 73% of employed persons within the industry are in television and radio and broadcasting. Jobs within the industry are organized into five major areas: program production (producers, film and video editors, announcers, program directors), news-related (reporters, news analysts, news directors), technical (television/video camera operators, technicians, engineers, network systems administrators), sales (advertising/marketing managers and producers of commercials) and management. Please visit [gacollege411.com](http://gacollege411.com) for more information about education, career planning and financial aid.

\*Upon completion of the 3<sup>rd</sup> course in the pathway, students will take the Skills USA Work Force Ready System Television Video Production Skills End of Pathway assessment, a nationally recognized industry-based credential exam that shows students’ technical skill attainment. This is provided at no cost to the student by the Clarke County School District.

Please note that this is intended as a guide and is not exhaustive.
