

CCSD Vaccine Clinic -- 2nd Dose Information

- These 2nd dose clinics are for students ages 5 - 11 years old who received their 1st dose at a CCSD clinic. (1st doses may be available at some clinics. Please check with your school nurse to confirm.)
- Students should plan to report to their school's clinic or to the location where they received their 1st dose, whichever is more convenient.
- A parent/guardian must be present for their student to receive the COVID vaccine at school. A DPH consent form is required (you may complete it at the clinic).
- Appointments are not required for the second dose. **However, students should report for their 2nd dose at the same time they were given their 1st dose.**
- *Please note: the Barrow Elementary Clinic has extended hours due to high volume. Parents attending that clinic, please feel free to come anytime between the hours of 9:00 a.m. - 2:00 p.m.
- Middle school students who are 11 years of age are welcome to attend any of the elementary events to receive their vaccination.
