Kaila's Story

Kaila Harkins
Human Resources Generalist
Barrow County School System

Kaila Harkins has been paying \$200 per month on her remaining student loan balance of \$32,000 – with payments increasing every year or two. “It’s just a nagging payment each month that doesn’t seem to be going anywhere,” she says. “My total re-payment would be over \$70,000 on this plan.”

“When Eric asked me to be a test subject for Barrow’s new student debt reduction service, I was a little skeptical. I looked into lowering payments myself and thought there was nothing else I could do...but I was also excited because maybe they know something I don’t. They did!”

Now, Kaila will only be paying about \$80 per month, and because she’s a public sector employee, her loan debt will be forgiven after 10 years of payments.

She told us, “The process was very easy. The representative was very friendly and helpful. She called and I gave her all my info and within 20 minutes she gave me a call back with a solution.”

With her monthly payments reduced by 60%, Kaila can see the light at the end of the tunnel. “Now I feel hopeful – there is an end in sight to paying off this debt.”
